

SUPERIOR TOOLING SOLUTIONS

DMC® tools have provided complete wire harness solutions for mission-critical, high performance industries including military and commercial aviation for over 70 years.

The DMC368 kit contains the information and accessories necessary to install and remove bayonet pins. This kit is supplied with the BPA10 installation tool, the BPR10 removal tool, and 500 bayonet pins. These tools cover the MIL-C-26482 connector series with shell sizes between 8-24 and MIL-C-38999 shell sizes between 9-25.
