

SAFE-T-CABLE® TOOL KITS

The Ultimate Fastener Retention System

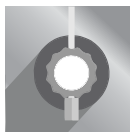

Safe-T-Cable® is a reliable, time-saving solution for fastener security that is widely used in aerospace, rail, marine, and energy industries. In addition to installing faster than lockwire, Safe-T-Cable also produces a stronger and safer result.

Safe-T-Cable tool kits are travel-ready systems manufactured to meet the most demanding conditions. A variety of Safe-T-Cable tool kits are available including multi-tool configurations with and without verification equipment. For custom solutions, please contact DMC.

FASTER & SAFER INSTALLATIONS

- Installs 3 times faster than lockwire
- Eliminates sharp edges
- Reduces repetitive motion injuries
- Minimizes FOD

IMPROVED SECURITY

- Constructed from high tensile strength cable
- Produces repeatable installations with consistent cable tension

ADVANCED PERFORMANCE

- Cuts and crimps simultaneously
- Reduces learning curve and rework
- Resistant to high temperatures and corrosion

KIT CONTENTS

1 ea.	SCTR403, SCTR323, SCTR203
1 ea.	SCTN40-7, SCTN32-7, SCTN20-7
2 ea.	C10-318PKG, C10-218PKG, C10-118PKG (50PC/PKG)
1 ea.	C10-318JAPKG, C10-218JAPKG, C10-118JAPKG (50PC/PKG)
1 ea.	F10-07PKG, F10-04PKG, F10-08PKG (50PC/PKG)
1	SCT-TB1: Torque Verification Block
1	45-6N: Diagonal Cutter
1	4-1501: 9/64" Hex Wrench
1	Flat Blade Screwdriver

This kit contains tools and accessories necessary for .022", .032", and .040" cables.
