

SUPERIOR TOOLING SOLUTIONS

DMC® tools have provided complete wire harness solutions for mission-critical, high performance industries including military and commercial aviation for over 70 years.

The DMC1383 is a tool kit for crimping insulated terminals and splices size 8 through 2/0 and uninsulated terminals and splices size 8 through 2/0.

This kit is packaged in a black polypropylene copolymer case and includes foam inserts with contoured tool cavities, instruction sheets, and content charts identifying the location of each tool.

TOOLS FOR SUCCESS

- Precision tooling to meet the demands of high reliability electrical systems
- U.S.A. with high-quality materials

PACKAGING THAT MAKES SENSE

- Contents Charts for efficient tool control and accountability
- Custom-fitted cases that are both durable and portable
