

SUPERIOR TOOLING SOLUTIONS

DMC® Tool Kits have provided complete wire harness solutions for mission-critical, high performance industries including military and commercial aviation since 1949. Equipped with the highest quality tools qualified to meet military specifications; our tool kits offer a unique advantage that takes the guesswork out of producing superior wire harnesses.

The DMC2061-REVB kit contains the crimp tools, turret heads, positioners, gages, and insertion/removal tools necessary to service the MQ-9 wiring system.
