

SUPERIOR TOOLING SOLUTIONS

DMC® tools have provided complete wire harness solutions for mission-critical, high performance industries including military and commercial aviation for over 70 years.

The DMC837 kit supplies your students and beginning technicians with the information and accessories necessary to use the AF8 (M22520/1-01) tool. The AF8 can cover wire ranges of 12 through 26 AWG. The kit can be used for general wire harness maintenance and lab work prototype production applications.

TOOLS FOR SUCCESS

- Precision tooling to meet the demands of high reliability electrical systems
- U.S.A. with high-quality materials

PACKAGING THAT MAKES SENSE

- Contents Charts for efficient tool control and accountability
