

# Battery Powered Safe-T-Cable™ Tools

## .022", .032", .040" Cable Sizes

Our battery-powered Safe-T-Cable tools are adjustable tension and cover cables sizes (.022", .032", and .040"). These powered tools make crimping cable easier and faster, while also improving operator ergonomics. New features allow the operator to track tool performance, users, and projects. Crimp data is viewable in real-time on the LED display, or can be downloaded via Bluetooth® to an app.

These tools feature a rotary tension mechanism that can be adjusted to precise cable tension requirements. As with all Safe-T-Cable tools, the noses are interchangeable and come in various lengths including 3", 5", 7", and 9".

### FEATURES

- Bluetooth connectivity
- Tracks number and quality of crimps
- Ergonomic design allows one-handed operation
- Head rotates 360°
- LED light illuminates work area

### CAPABILITIES

- .022" to .040" Diameter Safe-T-Cable
- Max. Crimp Force: 1.5 Tons (13.3 kN)
- Avg. Crimp Time: 2 seconds
- Avg. Crimps per Charge: 150 (Approx 300 with Extended Life Battery)

### SPECIFICATIONS

- Weight (with battery): 2.2 lb (1.0 kg)
- Sound Level: 75 db (A) at 1 meter
- Vibration: <math><8.2 \text{ ft/s}^2</math> (2.5 m/s<sup>2</sup>)
- Hydraulic Oil: Shell Tellus® T-15

### INCLUDED

- Carrying case
- Two 18V, 1.5 AMP batteries
- One battery charger

### BATTERY (Part # HDE-LI-B)

- 18 VDC, Lithium Ion, 1.5 AMP
- Charging Time: 22 minutes

### OPTIONAL EXTENDED LIFE BATTERY (Part # HDE-LI3-B)

- 18 VDC, Lithium Ion, 3.0 AMP
- Charging Time: 30 minutes

### BATTERY CHARGER

- 120 VAC Part # HDE-LI-120C
- 230 VAC Part # HDE-LI-230C

### VAC POWER ADAPTERS

- 120 VAC Part # HDE-120AC-A
- 230 VAC Part # HDE-230AC-A
